

To: Mayor and City Council

From: Linda Nabers, Finance Director

Date: November 18, 2019

Subject: YTD Financial Report for Period Ending September 30, 2019

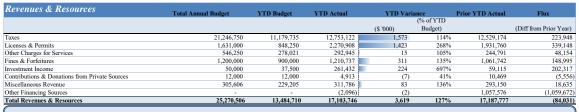

The year to date Statement of Revenues and Expenses for the General Fund Through September 30, 2019 show Total Budgeted Revenues over/(under) Budgeted Expenses of (\$5,808,379), with Year to Date Actual of (\$264,255), for a favorable variance YTD of \$5,544,124. A budget deficit at this time of year is normal because the majority of Revenues from Property Taxes come in later in the year. Furthermore, many municipalities have to borrow money using Tax Anticipation Notes (TAN) to cover the timing of Tax payments. Dunwoody's cash position is positive therefore this resource is not necessary for the City.

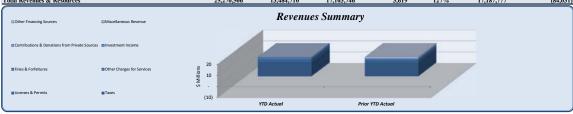

The following notes are the financial highlights year-to-date through September 30, 2019:

- Municipal court fines are more favorable than the budget as well as more favorable than the prior year due to I-285 traffic enforcement.
- E911 revenue is currently ahead of budget and it is anticipated that this fund will not require the subsidy from the general fund in 2019.
- Building permits are strong; the increase is primarily due to an increase in the volume of permits but does
  include the State Farm construction project.
- Interest revenues are up over prior year numbers at this time due to an increase in yields and better cash management.
- Hotel/Motel taxes are ahead of last year's revenues overall due to the Crowne Plaza and Marriott Perimeter Center being fully opened; but also offset slightly by a reduction due to renovations at the Embassy Suites earlier this year and a slight decline in taxes paid by four other hotels.

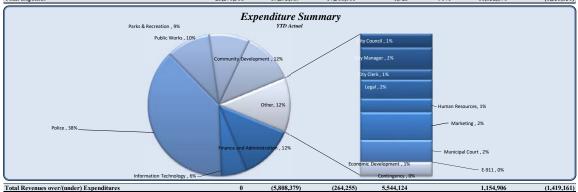

Overall, expenses are tracking below budget for the General Fund.

- Group insurance for City Council expenses will run over budget and will require a budget amendment due to changes in the selected coverages.
- Police is favorable in spending for salaries and benefits, but is now fully staffed; repairs and maintenance for vehicles is up and communications is up as hotspots were needed for the new in-car camera system.
- Information Technology is running higher than expenditures from 2018 due to a transfer out to capital
  projects for the Virtual Host Replacement and the Storage Area Network Replacement, but is expected to
  come in under budget for 2019.
- Purchased/contracted services for Community Development is currently over budget but given the contractual nature of Dunwoody's department, each year the City will adjust the expenditures based on actual revenues.
